13. Course POLI 5D:

- The problem sets are too hard to do with barely course materials.

- This course is useful for learning the basics in Excel, STATA, and R. You get a crash course in these programs and apply them in problem sets.

- Lectures should focus more on concepts and programming
  More time should be dedicated to Excel and R / Stata should not be covered

14. Exams/Quizzes/Papers:

- The midterm was a bit harder than expected. The released practice problems were super simple compared to the exam questions.

15. Reading [title(s) and comments]:

- The reading was useful, bu you really have to learn by doing in this class.
